DRY CLEANER NOTIFICATION OF COMPLIANCE STATUS

This form satisfies notification requirements found at 40 CFR §63.324(f) for new and existing sources. Print or type the requested information for each perchloroethylene (perc) dry cleaning facility. Make a copy for your records and submit before July 28, 2008.

I. OWNER/FACILITY INFORMATION

OWNER/OPERATOR NAME		FACILITY NAME		
FACILITY ADDRESS		CITY	STATE	ZIP
TELEPHONE NUMBER	FAX NUMBER	E-MAIL ADDRESS		
MAILING ADDRESS (IF DIFFERENT THAN ABOVE)		CITY	STATE	ZIP

2. PLEASE ANSWER THE FOLLOWING QUESTIONS

Yes No - Is the perc dry cleaning facility located in a building with a residence? A residence is any dwelling or housing in which people reside excluding short-term housing that is occupied by the same person for a period of less than 180 days (such as a hotel room). Please answer yes even if the residence is vacant at the time of this notification.

Yes No - Is the perc dry cleaning facility located in a building with other tenants, leased space or owner occupants? A tenant is one who occupies land, building or other property. Leased space is land, building or other property available for lease. Owner occupants are owners of land, building or other property who make available part of that land, building or other property for lease.

Yes No - Do you operate any perc transfer machines? All perc transfer machines are banned after July 27, 2008. Only non-vented and dry-to-dry machines will be allowed. Dry-to-dry is a one-machine drycleaning operation in which the entire cleaning process (washing, drying and reclaiming solvent) is performed in the same machine.

Yes No - Is your perc drycleaning facility in compliance with applicable standards found at 40 CFR §63.322 that might include operating a refrigerated condenser or a carbon adsorber, conducting leak detection inspections, making repairs where necessary, maintaining records and following best management practices to reduce perc vapors or leaks?

Since business opening or as early as September 1993, check the description that applies:

- Facility never uses more than 140 gallons of perc in a consecutive 12 month period.
- Facility uses more than 140 gallons but never more than 2,100 gallons of perc in a consecutive 12 month period.
- At any time, facility uses more than 2,100 gallons of perc in a consecutive 12 month period.

List the number of each type of dry cleaning machine located at your facility:

_____ Dry-to-dry machine(s) _____ Siloxane (d5) machine(s) _____ Other (please specify)
 _____ Transfer machine(s) _____ Hydrocarbon machine(s) _____

Complete the following table regarding the dry cleaning machines at your facility. For Control Device choose: Carbon Adsorber (CA), Refrigerated Condenser (RC) or Both (B). Attach a sheet for additional machines.

	DATE INSTALLED	CONTROL DEVICE	SOLVENT/CLEANING AGENT (PERC, STODDARD, ETC.)
Machine 1			
Machine 2			
Machine 3			
Machine 4			

3. CERTIFICATION

I certify the information contained in this report to be accurate and true to the best of my knowledge and that this facility is fully in compliance with each applicable requirement of 40 CFR §63.322.

SIGNATURE OF COMPANY OFFICIAL		TITLE
PRINTED OR TYPED NAME		DATE

Please submit before July 28, 2008, by registered mail to the Compliance/Enforcement Section at the address listed above.
